To Whom It May Concern

I am writing this letter in support of Mr. Al-Fattani's application for postgraduate studies. I have known Sami during his undergraduate studies at UQU Computer Engineering department and found him to be of good manners and excellent character. He is known among his fellow students as hardworking, punctual and an effective team member.

Sami is an ambitious student and eager to learn, he applies his analytical skills to his work, something that is evident in his questions during and after lectures.

Sami's excellent programming skills are visible in all the projects that he submitted, especially in MATLAB and C++.

I highly recommend that Mr. Sami Al-Fattani pursues his postgraduate studies and wish him all the best.

Sincerely,

11 March 2007

Dr. Saleh Basalamah
Assistant Professor,
Computer Engineering Department
Umm Al-Qura University,
Makkah, Saudi Arabia
