

TO WHOM IT MAY CONCERN

I am writing this at the request of Mr. Sami A. Alfattani who is seeking admission for graduate studies. He graduated from the department of Computer Engineering, College of Engineering and Islamic Architecture, Umm Al-Qura University, Makkah, Saudi Arabia with a B.Sc. degree in the First semester of 2006.

Mr. Sami A. Alfattani is a hard worker student. I found him a conscientious, keen and energetic young man. I am confident that, given proper opportunity, he will do well in any place.

I wish him success in pursuit of his future career.
