To whom It May Concern

I have Known Mr. Sami Abdul-Ghani Al-Fattani for the past three years. He took a number of courses with me including Neural Networks and Graduation Project. He was one of the best students in my classes. Unlike other students, Mr. Al-Fattani usually performed more unique work than was originally required. I have found his work completely satisfactory.

Mr. Al-Fattani is a talented person. He is intelligent and hardworking. Moreover, he tries to do the assigned job as perfectly as possible.

I have no hesitation in strongly recommending him for higher studies. I am confident that he would perform quite well in his graduate studies. I wish him all the success.
